Welcome to Yarra Hills Secondary College

Thank you for visiting Yarra Hills Secondary College's website, we hope the information contained within here is informative and of interest to you.

Yarra Hills Secondary College is a multi-campus government secondary school in the outer eastern suburbs of Melbourne, Victoria Australia. We have two campuses, a year 7 – 10 Campus at Mt Evelyn and a Mooroolbark Campus with both year 7 – 10 and senior (year 11/12) precincts on the one site. Current enrolments are around 800 students and have been rising over the last four years.

The Mt Evelyn Campus typically accepts students from the local Mt Evelyn area, nearby Lilydale, Silvan and towns further down the Warburton Highway in the Yarra Valley, including such areas as Wandin, Seville, Wooli Yallock and beyond. Students attending this campus progress to the Mooroolbark Campus for their senior studies. Bus transport is made available to do this.

The Mooroolbark Campus directly serves the Mooroolbark, Lilydale, Kilsyth, Montrose, Croydon and Bayswater areas. Direct local transport exists linking each of these areas to the campus through either the Cambridge Rd/Hawthory Rd bus stops at the rear of the school or Hull Rd and Mooroolbark Station near the main entrance.

Yarra Hills is renowned for providing a wide selection of pathways for all students, successfully offering a large complement of VCE studies, as well as VET (Vocational Education & Training) and VCAL (Victorian Certificate of Applied Learning) School Based Apprenticeship Training, where we are also a founding member of the atEast VCAL consortium.

Yarra Hills has an extensive Performing Arts program, including several highly successful Concert Bands led by the Director of the Australian Youth Band Mr Richard O'Toole. Additionally, we have singing troupes and an excellent annual College Production which involves a large number of students.

The Outdoor Education Program is also renowned throughout the wider community, providing students the opportunity to experience learning beyond the classroom. The College has its own buses, canoes/kayaks, diving/snorkelling gear and a full set of camping/hiking equipment.

Please feel free to browse through the associated pages and/or make contact with us through the appropriate links.

VCE SAC Completion

VCE Students must be aware that when absent from class, a Medical Certificate MUST be submitted to the Head of Senior School (Mr Millott) or Year Level Coordinator (Ms Jordan). Failure to have an approved absence will result in a student being unable to resit a SAC for a score; students can resit for a S or N-Grade (Pass/Fail) only.

VCE SAC Completion

VCE Students must be aware that when absent from class, a Medical Certificate MUST be submitted to the Head of Senior School (Mr Millott) or Year Level Coordinator (Ms Jordan). Failure to have an approved absence will result in a student being unable to resit a SAC for a score; students can resit for a S or N-Grade (Pass/Fail) only.

The screenshot shows the Moodle login interface for Yarra Hills Secondary College. At the top, a dark blue header contains the college's name in white serif font. Below this is a navigation bar with five tabs: 'Log in', 'Home', 'My Badges', 'Office 365', and 'Student'. The main content area features a 'Login' box on the left with fields for 'Username' and 'Password', a 'Remember username' checkbox, and 'Log in' and 'Lost password?' links. To the right of the login box is a graphic of a wooden artist's palette with various colored paint spots, labeled 'The Arts'. Below the palette is a graphic of a computer monitor and a globe, labeled 'Office 365'.

Welcome

Welcome

Welcome to Information and Communication Technology (ICT) at Yarra Hills. This year we are going to investigate a range of ways we can use computers at home, play and school. From game design to multimedia video, we are going to focus on how we create using computer technology.

What can I see in Moodle?

- Depends on the course
 - Some are very simple
 - Some are very complex
 - All are in constant development
- Moodle courses should be available for
 - All classes in years 7 – 10
 - Most VCE classes

2.2 Sensitivity or Response to Stimuli

2.3 Reproduction

2.4 Adaptation

2.5 Growth and Development

2.6 Regulation

2.7 Homeostasis

2.8 Energy Processing

Introduction to Biology

1 Introduction to Biology

Section Outline

By the end of this section, you will be able to:

- Identify and describe the properties of life
-

In this section we will begin our journey into the study of living things. From microscopic bacteria to the mighty blue whale, we will look for things each has in common and those things which make them very different. We will be investigating the basic unit of life - the cell - and how cells make up more complex organisms like us.

We will also be looking at how living things interact with each other and with their non-living environment.

Our work will

- take us outside hunting for spiders
- see us making measurements of our local and wider environment
- investigate the cell - its structure and function
- involve looking at the structures that make up organisms such as the earthworm, the toad and the rat

Question 1

Not yet answered

Marked out of 1.00

Flag question

When the letter e slide is viewed with the microscope, it appears

Select one:

- ☐ a. upside down and backwards
- ☐ b. right side up
- ☐ c. right side up and backwards
- ☐ d. upside down

Question 2

Not yet answered

Marked out of 1.00

Flag question

When using the high power objective, you should not adjust the:

Select one:

- ☐ a. stage clips
- ☐ b. diaphragm
- ☐ c. fine focus
- ☐ d. coarse focus

Question 3

Not yet answered

Marked out of 1.00

Flag question

To focus a specimen, it is best to start with which objective:

Select one:

- ☐ a. ocular
- ☐ b. scanning
- ☐ c. low power
- ☐ d. high power
